SUMÁRIO / SUMARY

AUTORES/AUTHORS	Título/Title
A. ERASO; M.C. DOMÍNGUEZ; S. AYUB.	Aplicación del Processo de Predicción de las Direcciones Principales de Drenaje Subterráneo al Karst de la Región de Torotoro (Bolivia)
A. BOULYTCHOV.	Geophysical benchmarking of cave cavities and underground water horizons
À. GINÉS; P. TUCCIMEI; C. DELITALA; J.J. FORNÓS; J. GINÉS; F. GRACIA; A. TADDEUCCI.	Phreatic Overgrowths on Speleothems as indicators of sea level fluctuations between 150-60 ka in coastal caves of Mallorca (Balears, Spain)
S. LINHUA; L. FUYUAN.	The Subsoil Solution Features and Distribution of Soil CO2 In Stone Forest Region, Lunan, Yunnan, China
A. CONTOS; J. JAMES; A. HOLMES; B. HEYWOOD; M. GILLINGS; P. ROGERS; D. STONE.	Calcite Biomineralisation in the Caves of Nullarbor Plains, Australia
B.P. ONAC; J. KEARNS; P. DAMM; W.B. WHITE; S. MATYASI.	Hydrothermal genesis of metatyuyamunite, Ca(UO2)2(VO4)2•3-5H2O in the Valea Rea Cave, Romania
C. GENTHNER; J. A. FERRARI; I. KARMANN.	Hydrogeological Investigations of the Lajeado-Bombas Karst System (South São Paulo State, Brazil) Based on Rhodamine-Wt Tracer Test
C.M.T. SILVA; M. PEREIRA-FILHO; L.V. CRUZ; M.V.C.O. LOPES.	Geologia Preliminar das Grutas: Toca da Boa Vista e Toca da Barriguda, Campo Formoso – Bahia – Brasil
C.M. BARNES; J.M. JAMES; S. WHITTLESTONE.	Radon Studies in Jenolan Tourist Caves, New South Wales, Australia
G. VENI.	Quantitative Assessment of the Potential for Karst Features to Lead to Caves in a Topographically Subdued Karst Landscape
G.M. DUTRA.	Geoespeleologia das cavernas do Inficionado - Minas Gerais, Brasil
H. LINGE; S.E. LAURITZEN; A. BAKER; C.J. PROCTOR.	Luminescent growth banding and stable isotope stratigraphy in a stalagmite from northern Norway: preliminary results for the period AD 1734 to 955 BC
J. KADLEC; H. HERCMAN; P. ŠROUBEK; J.F. DIEHL; D. GRANGER.	Cenozoic history of the Moravian Karst cave systems, Czech Republic
J. ĆALIĆ-LJUBOJEVIĆ.	Upward growth of bedding-plane anastomoses
G. CAMPION.	Observations on the Karst Features in the Lingyuan and Leye Counties of Guangxi Province of Southern China
K.S. WOO; D.W. CHOI; R. KIM.	The Geological Investigation of the Limestone Caves in South Korea
N.Z. HAJNA.	Weathering of cave walls in Martinska Jama, SW Slovenia
M. KNEZ; T. SLABE.	Unroofing of a cave system – an example from Classical Karst
M. DAY.	Sandstone Caves in Wisconsin
N. KASHIMA; H. KUWAHARA.	The Minor Structure Analysis of the Akka Limestone, Iwate Prefecture, Northeast Japan
P. PRUNER; P. BOSÁK.	Palaeomagnetic and magnetostratigraphic research of cave sediments: theoretical approach, and examples from Slovenia and Slovakia
R.A.L. OSBORNE.	Non-Meteoric Speleogenesis: Evidence from Eastern Australia
R.A.L. OSBORNE.	Petrography of Lithified Cave Sediments
D.M. COLCHESTER; R.E. POGSON; R.A.L. OSBORNE.	Niter and Sylvite from Jenolan Caves, New South Wales Australia
R.A.L. OSBORNE.	Australian Caves Without Roofs
R.C. MONTEIRO; L.F.B. RIBEIRO.	Espeleogênese de Cavernas Areníticas: algumas considerações aplicadas à Província Espeleológica da Serra de Itaqueri, Estado de São Paulo, BRASIL
R.G.T.A. REGALA; R.F. LUÍS.	Carsic Complex From Cabeço da Pedra do Sino
S.P. BARREDO.	The Dolomite Caves of Sierras Bayas, Southeastern Buenos Aires, Argentina
S. AYUB; F. CUCCHI; P. FORTI; L. ZINI.	Avaliação da Vulnerabilidade Intrinseca a Poluição de Aqüíferos Cársticos em Ambientes Tropicais Através da Utilização do Programa SINTACS

S. ŠEBELA.	Collapse Dolines and Passages of Postojnska Jama Cave System
S. WHITE.	Speleogenesis in Cenozoic Limestones, Southeastern Australia
T. FAULKNER.	Cave Development in Central Scandinavia
C. MOURET.	The Formation of Large Chambers, With Examples from Laos and Other Countries
M. KUHTA; A. NOVOSEL.	Hydrogeology and Cave Explorations of the Lost River Dobra; A Case Study of Underground Flow in the Dinaric Karst
S. MIKO; M. KUHTA; S. KAPELJ.	Bat Guano Influence on the Geochemistry of Cave Sediments from Modric Cave; Croatia
M. KUHTA; D. BAKŠIĆ.	Karstification Dynamics and Development of the Deep Caves on the North Velebit Mt. - Croatia
G. BADINO.	Has deep karst a fractal behaviour?
G. BADINO.	Glacial Karst Phenomenology
P. HÄUSELMANN.	Cross-formational flow, diffluence and transfluence observed in St. Beatus Cave and Sieben Hengste (Switzerland)
Y.Y. SHOPOV; L.T. TSANKOV; L.N. GEORGIEV; E. MARINOVA; D.C. FORD; C.J. YONGE.	Quantitative Annual Speleothem Records of Temperature and Precipitation in the past – A new tool for Reconstruction of past karst denudation rates
Y. SHOPOV; L. TSANKOV; A. DAMYANOVA; Y. DAMYANOV; L. GEORGIEV; E. MARINOVA; C. YONGE; D. FORD.	Quantitative Annual Speleothem Records of Temperature, Precipitation and Solar Insolation in the past – A Key for Characterisation of past climatic systems
G. BADINO; A. VIVO; L. PICCINI.	Preliminary results of the glacio-speleological expedition on Tyndall Glacier
G. BADINO; M. MENEGHEL.	Caves in the Glaciers of Terra Nova Bay (Victoria Land, Antarctica)
L. PICCINI; G. BADINO.	Moulins and contact caves in the Gornergletscher (Switzerland): morphology and hydrology
A.P. PIZARRO; F.J.G. FRIGO; M.S. CAMPELLO.	Atualização da Distribuição de Cavidades Significativas da Província Carbonática Espeleológica de Arcos-Pains-Doresópolis
J. RODET.	Le karst du Sud-Est du Piauí (Brésil): premier éléments chronologiques
M. GRADZIÒSKI.	Role of bacteria in the growth of cave pearls
M. GRADZIÒSKI; H. HERCMAN; T. NOWICKI; P. BELLA.	Dark coloured laminae within speleothems as an indicator of the prehistoric man activity:Case study from Domica cave (Slovakia), preliminary results
L.F.S. ROCHA; C. GENTHNER; L. RABELO.	Mapeamento Topográfico e Geoespeleológico da Gruta do Bacaetava, Colombo - PR/Brasil
Y. SHOPOV; D. STOYKOVA; L. TSANKOV; M. SANABRIA; D. GEORGIEVA; D. FORD; J. LUNDBERG; L. GEORGIEV; P. FORTI.	Intensity of Prolonged Solar Luminosity Cycles and Their Influence Over Past Climates and Geomagnetic Field
Y. SHOPOV; D. STOYKOVA; L. TSANKOV; M. SANABRIA; D. GEORGIEVA; D. FORD; J. LUNDBERG; L. GEORGIEV; P. FORTI.	Influence of Solar Luminosity Variation on Glaciations and Time Shifting of Termination-II
P. BELLA.	Basic Theoretical and Methodological Aspects of Geoecological Research of Cave Geosystems
P. BELLA; J. HLAVAC; P. GAZIK.	Protection and Management of Show Caves in Slovakia
