| <i>Oto Luthar: TWENTY YEARS OF CONTENT</i> ..... | 9 |

### *Papers presented at 9<sup>th</sup> International Karstological School*

**"CLASSICAL KARST - CONTACT KARST", Postojna, June 26<sup>th</sup> - 29<sup>th</sup>, 2001**

*Članki predstavljeni na 9. mednarodni šoli*

**"KLASIČNI KRAS - KONTAKTNI KRAS", Postojna, 26. - 29. junij 2001**

*Arthur N. Palmer*

|                                                              |    |
|--------------------------------------------------------------|----|
| <b>DYNAMICS OF CAVE DEVELOPMENT BY ALLOGENIC WATER</b> ..... | 13 |
| <b>DINAMIKA RAZVOJA JAM OB DOTOKU ALOGENE VODE</b> .....     | 31 |

*Ivan Gams*

|                                                |    |
|------------------------------------------------|----|
| <b>NOTION AND FORMS OF CONTACT KARST</b> ..... | 33 |
| <b>POJEM IN OBLIKE KONTAKTNEGA KRASA</b> ..... | 45 |

*Stein-Erik Lauritzen*

|                                                                                                                   |    |
|-------------------------------------------------------------------------------------------------------------------|----|
| <b>MARBLE STRIPE KARST OF THE SCANDINAVIAN CALEDONIDES:<br/>AN END-MEMBER IN THE CONTACT KARST SPECTRUM</b> ..... | 47 |
| <b>MARMORNAT PASASTI KRAS SKANDINAVSKIH KALEDONIDOV:<br/>SKRAJNI PRIMER KONTAKTNEGA KRASA</b> .....               | 78 |

*Jelena Čalić-Ljubojević*

|                                                                                                                     |    |
